

14th International NOSCARG[®] Summit
ENDOSCOPIC SURGERY: A LOOKING GLASS BEYOND 2020
July 11-13, 2019
ASGE IT&T Center
Downers Grove, IL

Course Chairs: Mouen Khashab, MD and Sam Atallah, MD
Course Co-Chairs: Peter Draganov, MD and Kevin Reavis, MD

Thursday, July 11, 2019

- 5:00-8:00pm **Registration**
- 5:00-5:35pm **Introduction and Welcome**
- 5:35-6:30pm ***Organ-Sparing RESECTION***
Endoscopic full-thickness resection (EFTR) in the GI tract: the future
Closure techniques after endoluminal resection: what issues remain?
TAMIS and taTME: where do we go from here?
Transanal full-thickness colon resection: challenges to wide-spread adoption
- Panel Discussion
- 6:30-7:00pm **NOSCARG Grant Recipient Research Updates**
Discussion and future directions of NOSCARG Research
- 7:00-8:00pm **Opening Reception**

Friday, July 12, 2019

- 7:00-8:00am **Breakfast Symposium**
- 8:00-9:45am ***Esophageal Motility: The Future of Diagnosis and Therapy***
How to Avoid and Manage POEM: Adverse Events
Impedance Planimetry: Clues to Therapy and Outcomes
Reflux after POEM: Is TIF the answer for now?
Reflux after POEM: NOTES fundoplication - is it future?
Panel Discussion

9:45-12:00pm

Improving Performance: ROBOTICS AND AI

The Cognitive Revolution
Future Applications of AI in Flexible Endoscopy
Big Data Analytics and Robotics
The STAR Robot
Automation in Robotic Surgery
Navigation for Robotics and the Age of Cloud Surgery
The SP Platform for Local Excision and taTME
Flexible Robotic Procedures in the Colorectum: Rhyme or Reason?
Targeted Organic Dyes and the Evolution of Fluorescence-Guided Surgery
Panel Discussion

12:00-1:00pm

Lunch

1:00-2:45pm

Bending the curve: Improving PANCREATICOBILIARY outcomes

Pancreatocopy-Guided Pancreatic Resection
LAMS Complications: How to Avoid Trade-offs
Interventional EUS: Current Status and Future Perspectives
Addressing the Unmet Needs of Pancreaticobiliary Surgery
Panel Discussion

2:45pm-3:00pm

Break

3:00pm-5:00pm

Bariatric procedures: Bending the adoption curve

Post-surgical leaks: Keeping the fistula open and avoiding functional compromises
Endobariatric Recidivists and Non-Responders: The Future of Endoscopic Interventions and Management
Shifting the Outcomes From EBWL/IBW
Strategies to Move from “Endoscopic” to “Endoluminal” Approaches
Panel Discussion

5:00-7:00 pm

NOSCAR Working Group

Saturday, July 13, 2019

7:00-8:00am

Breakfast

8:00-9:45am

NOTES 2020: Beyond the GI Lumen

8:30-9:45 am

EndoSurgical Oncology

Incisionless thyroid surgery – gaining momentum?
NOTES-Hysterectomy: The Wheel has just been reinvented
Pushing the limits of transanal NOTES: Triumphs and challenges?
Thinking Outside The Lumen: Robotic Perineal Prostatectomy
Panel Discussion

9:45-10:00

Break

10:00-11:50

VIDEO SESSION AND INNOVATIVE CASES: is the Future Here?

11:50-12:00

Closing Remarks

2019 NOSCAR Conference Chairs

Natural Orifice Surgery Consortium for Assessment and Research® (NOSCAR®)

Natural Orifice Transluminal Endoscopic Surgery® (NOTES®)

A joint initiative supported by the

American Society for Gastrointestinal Endoscopy and the Society of American Gastrointestinal and Endoscopic Surgeons
