Registration is Now Open for the 2019 NOSCAR Summit

Please mark July 11-13, 2019 in your calendar to ensure you can attend the 2019 Natural Orifice Surgery Consortium for Assessment and Research (NOSCAR) Summit. Registration is now open! It's already shaping up to be the event not to miss this year.

Make sure you have a spot at this premier conference where world-class experts and innovators gather to discuss, explore, and collaborate on the future of gastroenterology and endoscopic surgery.

Why to Attend

- Ground Breaking Content regarding therapeutic endoscopic procedures, endoluminal and minimally invasive surgical techniques, and innovative devices and accessories.
- A Chance to Participate in the Future of Medicine. Innovations from past NOSCAR Summits have become standards in today's modern practice. Be there to help shape and adopt cutting-edge ideas to differentiate your practice or academic research.
- Access to Career-Enhancing Collaborations and Innovative Discussions in an intimate setting. Interactive discussions on the current and future role of emerging new technologies in endoscopic and surgical practices. Opportunities for collaborations, mentorship and career-long friendships with fellow professionals who share the same vision are invaluable.

Educational program highlights include topics such as organ-sparing resection, esophageal motility diagnosis and therapy, improving pancreaticobiliary outcomes, bariatric procedures and strategies to move from endoscopic to endoluminal approaches, endosurgical oncology and updates on grant recipient research.

-more-

Who Should Attend

- **Gastroenterologists and Surgeons** interested in advancing their endoscopic skills, gaining hands-on experience on the latest endoluminal technologies, and enhancing their practice.
- **Fellows** looking to train on cutting edge endoluminal technologies with world-class experts.
- **Industry innovators** and thought leaders looking to address unmet clinical needs, seek feedback on emerging technologies, and develop collaborations with gastroenterologists and surgeons to further advance the field.

The NOSCAR Summit will be held at the IT&T Center in Downers Grove, IL, just outside of Chicago. Please visit www.noscar.org for details about registration, hotels, and transportation. For questions, please call 630-570-6623 or email info@noscar.org.
